CECIL O'DELL GOD'S WORK ADVANCES

DESPITE RISING COVID NUMBERS

Japan still is not allowing people with certain types of visas into the country. All that sounds bleak yet this is not stopping God from building His church in Japan and the world. One example is a young Student Akari, she came from the Osaka area. On her return to Osaka she was one of the student who began studying the new material on the basics of Christianity. It had such a positive impact on her life that she has joined the Osaka Team as they offer their first online 7 week course to the public. Yesterday I received word a good number of Japanese students attended the new student orientation at CSULB and they also were in Annika's workshop. (Annika is a volunteer in our Japanese Ministry.) Praise God for Anika's position at the University and for this connection with new Japanese students.

Please read the rest of Cecil's newsletter, it's at the Connect Center!
