Water for Good

This has been a great start to the year with the 100-year anniversary of the Charis fellowship in CAR. I was asked to speak at it and truly enjoyed the opportunity. 1) I will be headed back to the CAR on the 16th of March and will be there till the 15th of April. 2) I am going out with an electrical team to re-wire the Berberati base camp so we will have a very busy week when I first arrive.

Pray for wisdom in how to accomplish that. 3). Then that is followed up by a story gathering team for **Water for Good** that will be there for a bit over a week to gather more stories to share with our supporters. 4) I will be staying one extra week to help the team finish up last minute things as we will be getting all the loose ends from the Electrical team completed. 5) Pray for our drill teams and the companies that we hire to do some of our wells for successful deep wells with high production levels. This is often hard to accomplish. 6) If you are on Instagram or Facebook please follow Jim Hocking as he will be posting progress on the work. 7) “4” wells have been drilled and we have a total of “18” to be done by the end of the year.
