WATER FOR GOOD

Greetings and thanks so much for your prayers and those of the Church!

Here are the requests for this coming Month. First a praise for the most recent trip to Africa was very successful and were able not only to get the Electrical systems at our Berberati Base-camp retired but also were able to eliminate 8 different underground shorts! Second Praise was our Story Gathering team did an amazing job and I thoroughly enjoyed interviewing people there in the different villages and hear their comments and also patience with the time it takes to install new systems as well as to maintain the hand pumps. (One elderly lady waited for over an hour for us to complete the maintenance work on the pump to fill her 2-gallon jug and go home!)

- 1) This coming week I head down to our staff meetings with our National director William Mondeh who has been with us for two years. This is his first trip to the USA and he is quite amazed that there are hardly any people walking here! In CAR most people walk and some have small motor cycles and fewer still have cars so walking is #1! 2) After the staff meetings William will head to North Carolina for operational meetings with the leadership staff and then a visit to one of our Major Donors, Charity Water. Before returning to the CAR. 3) Pray for safe travels as well as the work that he continues to do from here for our team in the CAR! 4) I again realized how talented our team in the CAR is and appreciate so much their abilities as we watched them drill two wells and do install of a tank for one of our Solar Tank Systems. 5) The Story Gathering team and I had the opportunity to meet with the President of the CAR! We thanked him for his support and the ability to help his country with Water.
